

Hi, thanks for helping to Save Wallum! The link to Penny Sharpe's contact form is here:

<https://www.nsw.gov.au/nsw-government/ministers/minister-environment-heritage>

Copy & Paste the letter below or use it to help frame your submission to the Minister:

To the Honourable NSW Minister for Climate Change, Energy,  
the Environment and Heritage, Penny Sharpe

We kindly request an URGENT interim heritage order to protect the wallum site located at 15 Torakina Road Brunswick Heads (DA 2021/575) from bulldozers for a housing development as it holds natural, scientific & cultural significance.

Alternatively, we ask that you make a declaration under the NP&W Act as an Aboriginal place for the wallum site in order for it to be assessed properly for cultural significance.

Please use your ministerial powers to intervene before we lose another culturally significant ecosystem to a Zombie DA. Byron Shire Council has issued a construction certificate on 7 February 2024, accordingly bulldozers are imminent.
